# MANAMA HEALTH CONGRESS & EXPO

At a Glance

2023

## Reasons to Participate

Manama Health Congress & Expo is the one of largest conference and exhibition in the Middle East dedicated to servicing the health market. Whatever you stake in the health sector, Manama Health Congress & Expo will guarantee valuable face-to-face engagement with the most proactive decision makers, the health profession has to offer. It addresses pharmacists, physicians, their associates and health market executives that actually seek to boost their bussiness and build loyalty with their customers. For 3 days, it will offer fresh ideas and solutions for the development and evolution of exhibitors and visitors.

- 9000 m2 Expo Space
- 10.000+ Visitors
- 200+ Exhibitors & Sponsors
- 2000+ Byers/ Sellers

- 4 Lecture Halls
- 4 Workshop Rooms
- 70+ Speeches & Round Tables
- 100+ Speakers

- Free Entrance

## Why Manama Health exhibition?

MANAMA HEALTH Congress & Expo is a large Healthcare Congress and Trade show in the region and is held this year with strategic partnership with the Supreme Council of Health and with the participation of Ministry of Health & National Health regulatory Authority & Government Hospitals.

This Distinguished Event will be held for the 3rd round in Bahrain to meet the growing needs of, medical equipment, integrated hospital facilities and operating the Middle East. The exhibition will be held at Crowne Plaza Bahrain Hotel 12- 14 December 2024 for a period of three days.

MANAMA HEALTH Expo gives visitors the opportunity to showcase the latest medical equipment, medical products and healthcare technology from around the world to share business relationships, experiences with exhibitors and explore new products.

## CENTRAL MEETING PLACE FOR HEALTHCARE PROVIDERS & DECISION MAKERS

Once a year, the threads of international medical technology come together in Bahrain, bringing together people from around the world who use Manama Health for their business and to meet relevant target audiences: international top decision-makers, experts and trade visitors. After all, is where solutions for numerous specialists of medicine and the complete patient treatment process are concentrated at a single time and place? In other words, the ideal surroundings for companies to enter into game-changing business relationships whose consequences are felt not only in all fields of the health sector but in all regions of the world.
